Volume 20, Issue 5

**Socially Speaking:** Happy Birthday to **Dad** yesterday as well as **Nancy's** daughter **Tanya**. Happy Birthday next week to **Bev Tubbs** and **Brianna Landry** on Monday and **Colleen** and **Mike** on Thursday.

Your sites are looking GREAT! Thanks so much for taking such care with your lawns and your flowers...it makes everything look so pretty. A few have bloomed early to welcome Spring: **Jackie & Ed #22** spend a lot of time in their garden and it shows, **Bill and Sharon #44** have a nice new deck (built the way they are supposed to be) and their new lilac bushes are flourishing; **Kelly & Fran #74** have their plant hangers up and their lawn chairs out looking as though they've been here for years (thanks to them for my special petunias); **Judy & Brian #T1** have been very busy organizing their site and it looks very nice - I love their patio furniture and the little birds; next door, **Bob & Robin** are cleaning and planting (at least **Robin** was) ; **Carl #F** is expecting a new roof and carpet as his sun roof gave way to the snow this winter; **Cathy & Debbie #60** have rearranged their patio blocks and decorated their pines; **Jay W.** is back on #88 and has raked and seeded his yard and generally improved his site!

**Cable Condolences:** The Direct TV people have our "box" built and installed upstairs and the dish is on the roof. Meanwhile Ray has done as much of the prep work here as he can...Keep your fingers crossed for next. Meantime we have even more movies to borrow in the office. Come take a look. God forbid we should have to talk to each other.

**Seasonal Pump-Outs:** It's poop time! To be pumped out every week beginning April 26th the cost is \$260 - every two weeks is \$130 payable in full. If you are only being pumped as needed make sure to sign up on **Sunday** for the Tuesday pump-out. Do **NOT** call during the week and expect to be pumped out. Emergency pump-outs are \$20 and will be done as soon as we can get to them.

My mother at age 8, practicing piano with her father, Ed Norton, looking on. Happy Days Mom!

**Thought for the Week:** A mother is the person who when she notices there are only four pieces of her homemade pie and there are five people at her table, promptly announces she doesn't care for any.
