Bromance was definitely in the air with "Last Chance" band. Angel & Chip cut a mean rug...

Our youngest crafters, Rhiannon & Aspen, enjoyed making butterflies at KidStuff!

In case you wondered what goes on around here during the week when it's 100 degrees...we repair major water leaks. Ray & Dave spend 2 days in a deep ditch trying to repair it. Kenny provided the brain cells & a long memory. Thanks to ALL of them we have water. It was damn HOT!

The Deal on Tabs:

I started them to save me the 2.5% fee on cc charges for nominal amounts (like candy for your kids). I have asked that they be paid before you leave on Sunday & I have declined to add to tabs on that day...because:

~ you will forget & argue that it isn't your tab
~ you will forget & argue that it isn't your tab
~ you will forget & argue that it isn't your tab
~ you will forget & argue that it isn't your tab

And THEN expect ME to remember and prove it!

If you leave a cc# with me I will run it through on Monday morning. Then you can tab all you want on Sunday. Your choice!

Landon's Landscaping
