WINTERIZING

Winterization Forms from Charlie are in the office. Please fill one out if you want his service Basic winterization is $100 BUT if you have: outside shower, ice maker, outdoor kitchen, outside faucet, second bathroom, washing machine or dishwasher, additional fees apply.

Poop News

Ray is reporting several poop valves that are leaking fluid. It's an easy fix. Get on it. Additionally, many of you are not using enough chemical. Don't be stingy or you will be pumping yourselves out.

There were 21 surveys returned
(and with a 10% return being statistically significant)
I think this is a fair representation of the whole.

And the survey said…

Staff & Cleanliness:

We got high marks for a helpful, courteous staff
As well, we got similar positive results for cleanliness. However…

- A few of you mentioned the need for more leg room in the stalls. You are right . I don't think I can easily remedy that.
- Three folks asked to **re-open the old bath house**. I probably won't. There was far more destruction and vandalism in that building than I have in the pool bathhouse. Apparently, it was just far enough away from view to encourage bad behavior.
- I DID remove the signage on the old bathhouse and will put up a new one directing folks to the pool bathhouse. Great suggestion!
- Several asked for a place to put clothes when showering…I have put a bench in each bathroom for that purpose. I hope that helps. More hooks will be added in each shower stall as well.

Store:

- MANY of you wanted bread, milk, eggs and butter added to the store – DONE! Bottom shelf on the left!
- You wanted more ice cream choices, DONE! You will notice an increase in prices. Sorry, Not my fault.
- I ALREADY have a good selection of non-carbonated drinks???

Laundry Room:

- I personally hate it…working on a remedy. Stay tuned.

Pool:

- A big request was an **adult swim time**. For now, the best I can do is kick the kids out at 6 p.m. on Saturday and open it to adults only until 7 p.m.??? Your call.
- Sal has fixed the **music** at the pool and it is back on!!!

Entertainment:

- A few wanted a greater variety of bands. We accomplished that this summer by adding **"Fat Molasses"** and **"Last Chance"** bands to our line-up.
- Been thinking **food trucks** would be a fun change. Will try it once in a while!
- Activities for our older kids. Trying to engage them is like trying to nail Jello to a tree. I will note that pickleball was NOT the hit I had hoped it would be. But, I am open to all suggestions!

Thanks for all your suggestions and compliments!
